

## Working hard for you. *We are adding to our equipment offerings.*

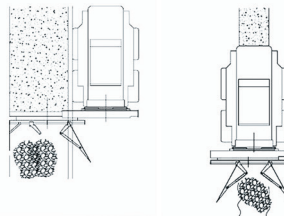

Able Tool and Equipment has added new equipment to improve your productivity on the job site. We are continually working with our suppliers to offer the right equipment to keep even the toughest jobs moving.

### Wacker Neuson DV60/Dual View Dumper

Offering an enhanced degree of safety and productivity on the job site. The DV60 has a dual view, allowing the operator to always have full visibility: when unloading, the driver looks in the direction of the skip, before continuing driving, the operator swivels the seat and console so they are facing in the driving direction.

### Simex Asphalt Float & PLB200 Planer Available for Rental or Sale

- Lay asphalt on sidewalk
- Lay asphalt over filled trenches
- Widen roadways
- Backfill Trenches
- Lay sub-base material

#### Floats

Simex asphalt floats are adjustable from 6" to 72" wide

#### PLB200 Planer

2-4 ton carrier  
8 inches wide  
Weight 400lbs

## Tool Holders

### Help ease the physical burden on construction workers.

You can complete heavy hand tool tasks with less fatigue and fewer workplace injuries with these equipment choices.

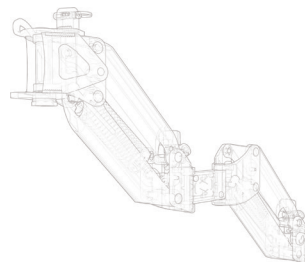

#### Monopods

Monopod with Rivet Buster

Weighing only 27 pounds Monopods are designed to support demolition tools during operation, the Monopod provides rivet buster support, needle scaler support, and chipping hammer support. The Monopod will also provide pneumatic lift and pneumatic support for any tool that fits the aluminum arbor mounting clamp.

#### eksoZeroG

- Makes heavy tools weightless
- Works with existing tools and existing work platforms.
- Minimal training required (<5 min)
- Increases safety
- Increases productivity
- Increases quality

## Grundomat® Pneumatic Piercing Tool

**GRUNDOMAT®**

Grundomat piercing tool is in a class by itself. The Pneumatic Piercing Tools perform accurate horizontal bores up to 150 feet powering through obstructions and staying on target. The Grundomat is ideal for water, gas, sewer, electrical, CATV and other construction applications. For accurate, on-target horizontal boring choose the Grundomat piercing tool.
