Wacker Neuson EW65

Travel Speed	Operating Weight	Max. Dig Depth	Reach	Engine
18.6 mph	14,892.07 – 17,643.41 lb	12.6 ft	21 ft	Perkins 854E-E34TA

- Saves Time and money, no need to be transport on a truck.
- Four-wheel drive and dual tires offer smooth, comfortable ride, ensure stability and allow the unit to maneuver on rough terrain.
- The three-pin bucket linkage system provides best-in-class breakout force and optimizes the bucket's angle of rotation to keep the load secure in the bucket before dumping.
- Proportional control auxiliary hydraulics are operated by an electric valve and switch on the joystick for a smooth work with attachments.
- Independently operated front stabilizer and rear dozer blade provide very stable operation. Flat bottom dozer blade does not leave marks.
- Large ergonomically cab design provides excellent view of the attachment and entire job site.

Wacker Neuson EW100

Travel Speed	Operating Weight	Max. Dig Depth	Reach	Engine
12.4 mph / 18.6 mph	21,351.55 – 24,329.97 lb	14.1 ft	24 ft	Perkins 854 T4i

- Powerful Perkins 854 Tier 4 interim Turbo engine delivers 117-hp, which is 15% more power and 17% lower fuel consumption compared to its predecessor. The 4-cylinder, 3.4 liter engine incorporates cutting edge technology including a common rail fuel injection system, charge-air cooler and diesel particulate filter (DPF).
- All wheel steering feature delivers a turning radius of 13-feet making it even easier to maneuver in confined areas.
- New and improved boom system features a 14-foot dig depth and 24-foot reach.
- The new dial control system allows operators to easily select and save the auxiliary hydraulic flow settings depending on the attachment, eliminating the need for manual adjustments.
- Operator comfort with air conditioning, automatic climate control and a simplified layout.
- Driving speeds up to 25 mph make getting to and around the jobsite more efficient.
